Apply Today!

IDAHO CORE

In a highly collaborative environment:

- Integrated learning centered on the literacy standards of the Idaho Core, technology that supports collaborative writing, and writing in the content areas;
- Research-based strategies for integrating reading and writing into the content area classroom, increasing student learning, and assessing student work;
- Exploration of technology for producing, publishing, interacting, collaborating, sharing, and displaying information flexibly and dynamically (W.CCR.6);
- Training in the EQuIP rubric and Core-aligned lesson-crafting;
- Focused leadership training in becoming successful teachers of teachers.

WRITING. TECHNOLOGY. KEY SHIFTS. EQuIP.
